| 23. Closing prayer | 3:45 to 3:50. |

NATIONAL & SCHOOL ANTHEMS

NATIONAL ANTHEM

For The Gambia, our homeland
We strive and work and pray,
That all may live in unity,
Freedom and peace each day.
Let justice guide our actions
Towards the common good,
And join our diverse peoples
To prove man's brotherhood.
We pledge our firm allegiance,
Our promise we renew;
Keep us, great God of nations,
To the Gambia ever true.

SCHOOL SONG

O sing for dear Deeper life school
It's here we prepare for life's goal
Our school standing here by the wayside
Forever her honour remains.
Than come loyal hearted children to school
Building their future today
We do have all the teachers committed to work
Making us what we should be.
Deeper life school
Forward ever backward never
Building our future today
Our school standing here by the wayside
Forever her honour remains

THE SCHOOL ANTHEM

Deeper, deeper, in the love of Jesus
Daily let me go
Higher, higher, in the school of wisdom
More of grace to know

REFRAIN

Oh deeper yet I pray
And higher every day
And wiser blessed lord
In thy precious holy word.

PRINCIPAL'S ANNUAL REPORT ON THE OCCASION OF THE 12TH GRADUATION SPEECH/PRIZE GIVING DAY CEREMONY HELD ON JULY, 2025.

The Guest Speaker Professor Nazmat Toyin Surajudeen Bakinde (Nee Olagoke) the first female Substantive Vice Chancellor, University of Science, Engineering and Technology, The Gambia. The Guest of Honour, The Representative of the proprietor, Pastor Dr. Samuel Oladapo, Members of School Management Committee, Invited Special Guest, Parents, Staffs and students, I welcome you all to this special graduation ceremony of class of 2025 Deeper Life Senior secondary

School, Upper Basic and Lower Basic School.

We give all glory to God our creator, Jesus Christ Our Saviour and Holy Spirit our comforter and guide for successfully piloting us through the academic session 2024/2025. This brief report will center on both curricular and extracurricular activities within and outside the school.

CURRICULAR ACTIVITIES

Our teaching staffs which we can boast of as one of the best in The Gambia has been taken student through the curriculum as prescribed by the Ministry of Basic and Secondary Education, and their landable efforts has resulted in many of our graduating students gaining admission into University of the Gambia, American International University, University of Science Engineering and Technology, Gambia College, Management Development Institute (M.D.I), and other tertiary institutions across the country. Their outstanding performance in their chosen career is a testimony of quality and affordable education being provided by Deeper Life Schools in The Gambia.

INTERNAL EXAMINATION

Three terms in the session the school has conducted examination to assess and evaluate our students to identify their strength and weaknesses in various subjects offered in the school. Most of these terminal examination girls are still taken the lead. The boys need to be encouraged to be focused and desist from going to Europe through backway.

EXTERNAL EXAMINATION

THE GAMBIA BASIC EDUCATION CERTIFICATE EXAMINATION (GABECE)

At the upper basic level, our Grade 9 students were not left behind in putting the school up there among the ladder of achievers in the GABECE of 2024. Take a look at some of our best results:

THE WEST AFRICAN SENIOR SECONDARY SCHOOL CERTIFICATE EXAMINATION

The best performance of our students in the 2024 West African Senior Secondary Certificate Examination shows that the school is not doing badly in giving parents value for their money being expended in sponsoring the students.

The analysis below shows the best performance of our students at The West African Senior School Certificate Examination (WASSCE).

1. CEESAY BEGAY

EXTRA CURRICULAR ACTIVITIES

REPORT ON THE SCHOOL INTER HOUSE SPORTS, 2025.

The activities started on the 11th February, 2025, inside the school playing ground. We started with some field events, including High Jump both categories and Long Jump both categories. Then on the 13th February, 2025, the main activities took

place at the Serekunda Mini Stadium where some higher authorities were invited to witness the activities. The events were well planned and implemented. Below are the overall scores of the houses which determined the champion for the Deeper Life Inter House School Sports, 2025.

- Blue House = 356 points
- Green House = 350 points
- Red House = 300 points
- Yellow House = 256 points

Blue house, being the champion, received a trophy followed by Green house and Red house. Closing remarks and prayers were done by the school's Vice Principal, Mr. David Orimogunje.

THE HOME ECONOMICS CLUB

The Home Economics Club was newly established on February 2025 with the help of the Home Economics teacher, Madam Sona Cham and her assistant, Miss Amie Jarju.

The aim of the club was to empower the students with the knowledge and skills needed to manage their homes effectively and contribute positively to their communities. As its own contribution to the progress of the school, the club was able to raise an amount of Twenty-one thousand Dalasis (D21,000.00) from both senior and Junior levels to buy some cooking utensils in order to support the department.

THE RED CROSS, DEEPER LIFE SCHOOLS CHAPTER, THE GAMBIA

The Red Cross, Deeper Life Schools' Chapter, has always been up and doing in continuation of her sacrificial and paramedical life-saving services. Notably, during the interhouse sports and athletic competition held both at the school premises and the Serrekunda mini-stadium, the club gave aids to those who sustained minor injuries.

On record was also the assistance they rendered within the session by cleaning the school premises.

DEEPER LIFE SCHOOL CARRER DAY

Deeper Life School, Kotu, marked its Career Day, 2024/2025 academic year on 14th November, 2024.

The event was well attended by the Upper Basic and Senior Secondary School students. The theme for this year's Career Day was, "Understanding Career for

Better Future”.

The event started with an opening prayer which was followed by the introduction of the following guests:

1. Professor Joshua O. Adeleke, School of Education, University of The Gambia.
2. Dr. Philips Ademola Adewuyi, Unit Head, Animal Science, School of Agriculture, University of The Gambia.
3. Mr. Mustapha Badjie, Deputy Executive Director, National Youth Service Scheme.

Other highlights of the events included presentations by the different presenters on the following topics:

1. Attitude that Determines Altitude
2. Entrepreneurship and Skills Acquisition
3. Knowing Subjects that Match Your Career
4. How to be a Distinction Candidate in Internal and External Examinations.

The Career Day was a success with over five hundred students in attendance. It made a lasting impact in the education perception and journey of our students. The closing remark was given by the Guidance and Counselling Unit Head, Mr. Friday Igbokwe.

APPRECIATION AND EXHORTATION

On behalf of the school management, I would like to show our gratitude to our Guest Speaker who out of her busy schedule still find time to grace this occasion. My sincere thanks goes to the representative of the Proprietor Pastor Samuel Oladapo, all the members of S.M.C, the Senior Management team and all members of staff who have help to make this session a huge success.

To all our parents and graduating students, my words of exhortation is within the theme of our this year programme caption “The dividend in investing in your child education”. Beloved parents, your investment is like sowing, and whatever you sow that is what you will reap. So the many you are spending on this children is not a waste, you will reap it now and in your old age. Many who sacrifice and invest heavily on their children are simply now, they are reaping the dividends in form of houses, cars, monthly allowance, sponsored trips and many more.

To our graduating students, don't forget the sacrifices your parents has gone through by sending you to private school. It is become they want the best for you. They denied themselves extra shoes, bags, some even have to endure hardship just to take care of you. Remember them by providing for their needs and take good care of them, so that they can pray for you and be happy that their investment is not in vain.

My prayer for you is that our good God will take care of all our children, none of them will die young, our investment on them will not be in vain. We the parents also will live long to eat the fruits of our labour in Jesus mighty name.

DEEPER LIFE: MY ALMA MATER

My academic journey at Deeper Life School has been an enriching and transformative experience. From the very first day I walked through its gates, I sensed that this place would play a significant role in shaping who I am today. Over the years, the school has not only provided me with a solid academic foundation but also nurtured my personal growth, values, and lifelong friendship. Academically, the school has always prioritized excellence. The teachers at Deeper Life are more than just educators, they are mentors who genuinely invested in our success. They consistently encouraged us to push our boundaries, think critically, and pursue knowledge beyond textbooks. The classroom environment was always vibrant and engaging with group discussions, hands on activities, and real life applications that made learning enjoyable and meaningful.

One of the highlights of my academic journey was the exposure to wide variety of subjects and extracurricular activities. Whether it was sports, debates and cultural events, the school provided numerous opportunities to explore our interest and discover new talents. I particularly enjoyed participating in inter school debate competitions and drama productions, which helped boost my confidence and improve my public speaking skills.

Perhaps, the most cherished aspect of my journey has been the friendships I made along the way. The bonds formed over group projects sport matches, and shared challenges are something I will always treasure. We supported each other through exams, celebrated successes together, and learned to cope with failures as a team.

As a stand at the end of my school journey, I feel a deep sense of gratitude. Deeper Life School has prepared me not just for exams but for life. It has taught me how to learn, how to lead, and how to grow. I am confident that the lessons and memories from my time here will stay with me wherever I go.

My school has been more than just a place of learning; it has been a second home, a place of discovery, and the starting point of my dreams.
